# EXPERIENCE CHIAPAS

SERVICE PROJECT / MAYAN ADVENTURE

*Make a Difference While Having the Time of Your Life!*

Embark on a 10-day adventure in Mexico, commencing at the ancient Mayan ruins of Palenque and culminating in the colonial charm of San Cristobal de las Casas.

This journey seamlessly combines the thrill of exploration with a meaningful touch of community service. From hiking the Palenque pyramids to exploring Agua Azul and Misol Ha, immerse yourself in the rich landscapes. Engage in a 4-day service project in Ignacio Allende, a Ch'ol indigenous community in the northeastern Chiapanecan jungle, before heading to the final destination, San Cristobal de las Casas. Discover the city's vast churches, lively markets, and indulge in the art, textiles, and culinary delights they offer. Explore the famous Mayan pueblos of San Juan Chamula and Zinacantán, adding cultural depth to this unforgettable Mexican odyssey.

If you would like to stay longer to practice Spanish at our sister school, Instituto Jovel, CASA community members receive a 10% discount off any courses taken with them.

*Participants do not have to be CASA students to join our group. You can practice as little or as much Spanish as you like.*
